The city is before you . . .

will you accept the challenge, what will you do?

Our lives are shaped by the places we go and the people we meet.
Together we'll share just a moment in time, but, together we have
the potential to move, to go somewhere and yet there is

So much to see . . .

So much to do.

The sophomores this year added a lot of spirit to Sweetwater. More than ninety students were on their Class Council; this is the largest sophomore Class Council in the history of Su-Hi. The sophomore girls had to wear their horns an extra week because of losing the tug-of-war to the seniors, but their spirit wasn't dampened. They added a lot of spirit to all of our assemblies and we hope it continues to grow in their junior and senior years. The Class of '77 is a welcomed addition to our school.

Juniors . . .

We learn as we live.

**Nancy Riggs, Editor
Pam English**

The Class of '76 was less enthusiastic in their second year At Su-Hi, but this did not seem to take away from their overall activities. Some of the projects included a paper drive, making a float, selling Christmas corsages, a Christmas party for the T.M.R. students at Castle Park Junior High School, and a dance. The junior class had a lot of fun this year and also learned a lot about themselves and the city around them.

Some of the activities that the seniors sponsored this year included a special assembly for the unveiling of the Senior Motto, a potluck on the Senior Lawn, spirit breakfasts, a Christmas dance, and a variety show. To raise money, spirit balloons were sold during football and basketball season. The Mighty Class of '75 can truthfully say that their final year at Sweetwater has been an unforgettable one.

SENIOR CLASS OFFICERS

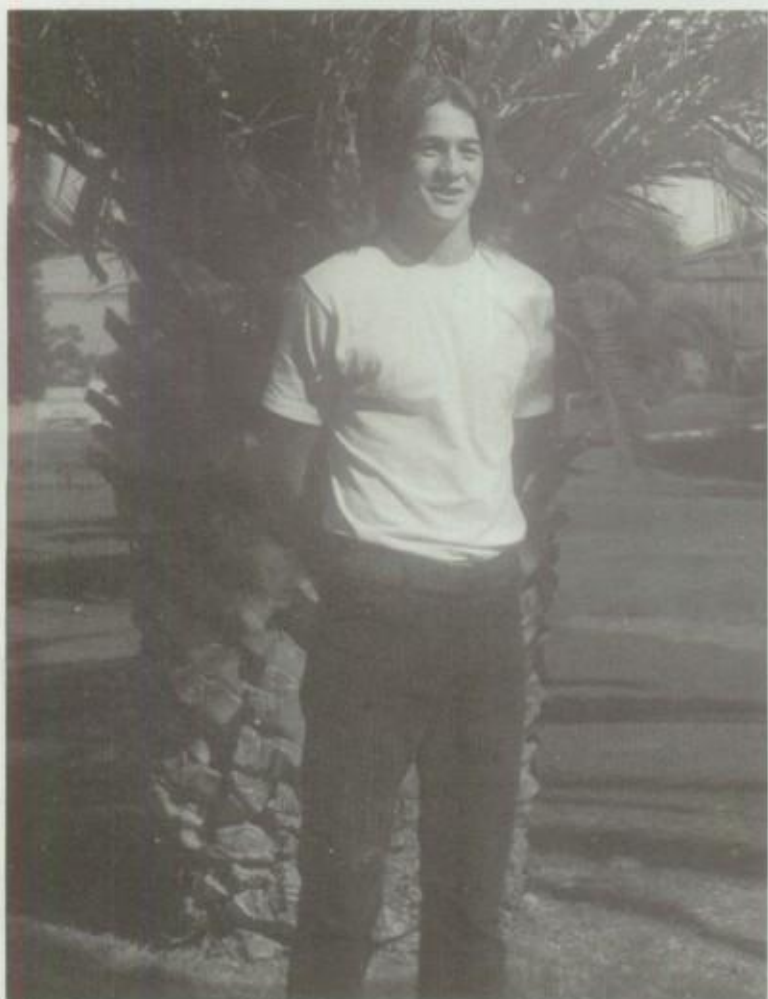

The Class of '75 has really been active this year. Some of the people who worked hard to plan activities are pictured below. On the opposite page (far left) President Lenny McNeill led the seniors to a very successful year with the help of Vice-President Pete Mendiola (top right) and Secretary Marge Sarmiento (bottom right). On this page the Class Council is pictured (top) with Treasurer Jeanne Manese (bottom left). The Senior Class advisor and counselor Mr. Bolger is pictured bottom right.

Faculty and Admin. . .

The road we travel is always paved.

The faculty and administration at Sweetwater provide students with an opportunity to learn and grow. Prepared classroom situations, and an eagerness to teach all contribute to the betterment of the student body. This year some conflicts have occurred between the students, faculty, and administration, and all problems were not resolved, but all parties involved worked and compromises were met. A willingness to help and a personal interest in the situations has led to a better understanding between the students, faculty, and administration.

BEFORE SCHOOL STARTED IN SEPTEMBER, ANNUAL STAFF MEMBERS WERE OUT SELLING ADVERTISEMENTS FOR THIS YEAR'S ANNUAL. MANY HOURS WERE SPENT, AND REPEATED VISITS WERE MADE TO BUSINESSMEN IN THE NATIONAL CITY AREA. THIS YEAR, AS ALWAYS, THE BUSINESSMEN OF NATIONAL CITY STOOD BEHIND AND SUPPORTED SWEETWATER STUDENTS BY BUYING ADVERTISING SPACE IN OUR ANNUAL. LET US SHOW THESE PLACES OF BUSINESS THAT WE, IN TURN, CAN SUPPORT THEM. TRY NATIONAL CITY FIRST!

MESSAGE FROM THE SENIOR ARMY INSTRUCTOR

The goal of our JROTC program is to assist each young man to prepare himself for today's fast moving adult world by developing within the individual the desire to be a good citizen, to be self-reliant, to develop leadership potential, and to gain a proper sense of national pride.

As the Director of the Junior ROTC Program for the San Diego Military Academy, I welcome the opportunity to discuss the goals and purposes of our ROTC program with you personally.

Phone: 1-714-755-3643

WOOD

Surveys show that most people think it takes centuries to grow a useable tree. Not any more! Trees planted as recently as 1950 are producing lumber and paper products today. And to top that, the forest industry now grows more new wood each year than they cut. After all, our way of life depends on our forests — for wood and wood fiber, for wild life and for recreation. The forests of America are your business as well as ours.
